Agenda

- Overview
- Submission system
- Management system
- Timeline
- Discussion

What is Vireo?

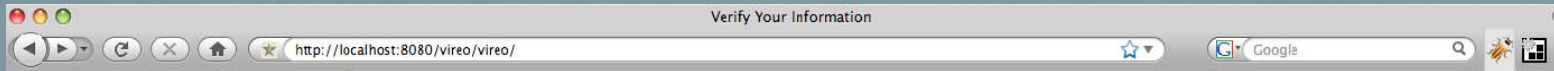

- Electronic thesis and dissertation (ETD) submission and management system
 - Provided by the Texas Digital Library, a consortium of Texas universities
 - Offers a *novice* submission system for students and an *expert* management system for graduate school staff
 - Provides for review and approval of manuscripts and supplementary files
 - ETDs are deposited in local repositories and harvested to the Texas Digital Library
 - Management system is based on workflows from multiple universities

Why use Vireo?

- Provides open access to theses and dissertations at no cost to students
- Promotes scholarship to a worldwide audience
- Local training and technical support
- Customizable options and views in the management system
- ETDs are available through Google and preserved in the Preservation Network

Submission System

- Simple submission procedure
- Provides for multiple types of embargoes
- Students can also choose to send their work to UMI/ProQuest
- Metadata also harvested by The National Digital Library of Theses and Dissertations (NDLTD)

Valid XHTML 1.0, CSS, Section 508 Compliant

Submittal Complete

Your work has been submitted successfully. You may return to this website to check on the status of your submission or to provide additional information or corrections to your work, if necessary.

This area may be customized by the thesis office at each institution to provide specific information or instructions for the individual institution. For example:

- You need to turn in Form A
- Then you need to create a TPS report
- Don't forget to pay all your fees

This text is editable through an interface provided in the administrative interface of Vireo.
